Unlock your potential and get into **Direct CONTROL** for your business and clinical needs.

Direct CONTROL is a stand-alone PAS and EMR providing interoperability with upstream and downstream applications. Unparalleled Industry Knowledge across all sectors built with input from Providers and their Staff. A business management and clinical solution meeting your needs today and into the future.

■ The management system assisting Day Surgeries and Hospitals nationwide.

Streamline the administrative and clinical processes and achieve a standard of excellence. On entering patient details once only, you can generate the Informed Financial Consent, convert to Invoice and direct bill Medicare Australia and others in a simplified and systemised manner.

Consistently making medical billing easy and quick with built-in rules and real time eligibility checking, other features include the ability to integrate with your Accounting Application.

Adhering to all variations of workflow within a modern practice, **Direct CONTROL** support and backup is an integral feature to the success of its overall operation. Restructuring your workflow with **Direct CONTROL** will guarantee to provide remarkable results, enabling you to grow your business without the need for extra staff.

Take **CONTROL** over your business and improve cash flow.

We have no idea how we ever coped over the years, before implementing **Direct CONTROL**.
